

BEAUTIFUL • DURABLE • SUSTAINABLE • EFFORTLESS • AUSTRALIAN • QUALITY • SELECTION

### DECOCLAD

Pairing aluminium's proven strength and durability with a Super Durable powder coating such as DecoWood, DecoClad meets all needs.

Use it horizontally for the traditional weatherboard look, gable ends and facades, or vertically as a contemporary feature.

Achieve effortless architectural style with the cool, clean and contemporary lines of DecoBatten. Use smaller DecoBattens vertically for a floating fence, or create a statement piece with oversized beams.

### DECOBATTEN

### DECODECK

A first in aluminium decking systems, DecoDeck replicates the form, feel and appearance of natural timber decking with the Super Durable DecoWood wood grain finish.

DecoDeck is an ideal alternative to timber in bushfire-prone areas. The planks and all ancillary components are non-combustible.

Classic aluminium slat fences, gates and screens are coated with the luxurious DecoWood finish.

DecoSlat is here to make your life a whole lot easier.

### DECOSLAT

### DECOSPLASH

Imagine a tile splashback that is easy to clean, a glass splashback that is easy to install or a marble splashback that doesn't cost a fortune.

A one of a kind aluminium splashback system, DecoSplash offers total creative freedom in your kitchen, bathroom and laundry. Choose from 100+ designs and images from the DecoSplash range or use your own.

### LOURVES & SHUTTERS

Whether to control light or air flow, or to add a timeless feature to your home or building, DecoWood aluminium louvres and shutters are the perfect timber alternative. Offering a timber look without the maintenance, louvres and shutters can be configured multiple ways to suit your application. DecoWood Louvres and Shutters are available in a wide range of styles including flat opening louvre windows, elliptical fixed or operable plantation shutters and more.
